

Pigment Red 144

Macrochroma Red 144

Chemical Type: Azo Condensation

CAS No.: 5280-78-4

C.I. No.: 20735

EU No.: 226-106-9

Formula: $C_{40}H_{23}Cl_5N_6O_4$

Molecular weight: 828.94

EINECS No.:226-106-9

Principal applications:

PP, PVC, PE, PC

Printing Inks, Paints

Fiber

Acid/Alkali Fastness: 5/5

Heat Resistance : 260°C

Fastness Properties

Light Fastness: 7-8

Weather Fastness: 4-5

Migration : 4.9~5

Packaging and Storage:

This product is supplied in powder form in 10kg paper bags or carton box with plastic liner bags. The goods should be stored under normal temperatures, dry and protected from weather. See MSDS for shipping and handling instructions.
